## SUBJECT INDEX

Accidents, from doors (Letter) 842
Acidosis, due to lactic acid, in premature infants 921
Adenoma, feminizing adrenal, in a 7-year-old boy 1016
Adolescents (President's Message) 159
Adrenal gland in the human fetus; physiology and unusual developmental pattern 140
Adrenocorticotropin and adrenal corticosteriods, in treatment of measles encephalitis 811
Adrenogenital syndrome, triamcinolone therapy in 292
Aglutinins, leukocyte, transfusion reactions due to 370
Aldrich syndrome, pathogenesis 362
Allergic tension-fatigue syndrome (See Allergy, systemic manifestations)
Allergic toxemia (See Allergy, systemic manifestations)
Allergist, pediatric, visits Union of Soviet Socialist Republics 669
Allergy
  Contact-type delayed hypersensitivity; induction of Rhus sensitivity 51
  Familial, evidence for 45
  Systemic manifestations 790
Alveolar-capillary block 227

Amino acids, concentrations in plasma; modification by administration of leucine 539
Anemia
Iron deficiency, occult blood loss in infancy 199
Of rheumatic fever 707
Anorectal anomalies, familial 334
Antibodies to Escherichia coli 0111:B4; transfer from mother to offspring 308
Appendix, argentaffin cell tumors in 134
Argentaffinoma (See Tumors, argentaffin cell)
Ascites
Chylous, produced by venous remnants in newborn infants 408
Neonatal, and obstructive uropathy 29
Asthma
Atopic, complicated by mediastinal and subcutaneous emphysema in infants 951
Perennial bronchial, value of hyposensitization therapy 39
(Correction) 903
Ataxia, Friedrich's, with heart disease 246

Bacterial cultures in normal infants and infants with urinary tract infection 17
Behavior
Effects of prenatal drug administration in the white rat 318
Of diabetic children in a summer camp 118
Bile stasis in infancy, factors in the genesis of 300
Blood loss, occult, in iron deficiency anemia of infancy 199

Effeminacy in prepubertal boys; recommendations for management 286
Electrophoretic pattern of serum proteins, clinical value in childhood tuberculosis 54
Emphysema, mediastinal and subcutaneous, complicating atopic asthma in infants 951
Encephalitis, measles; evaluation of treatment with adrenocorticotropin and adrenal corticosteroids 811
Endocarditis, bacterial, presenting as acute cardiac tamponade 1010
Enzyme systems, intracellular organization of (Review Article) 656
Enzymes
Effect on tracheobronchial secretions in cystic fibrosis 589
In serum in kwashiorkor 325
Erythrocyte survival, determination of, in newborn infants 354
Erythrocytes, glycogen in, in glycogen storage disease 103
Escherichia coli 0111:B4, transfer of antibodies from mother to offspring 303

Factor-VII defect, inherited, in a Negro family 204
Fat, dietary, and concentrations of lipids in serum during first 6 to 8 weeks of life 765
Feeding, infant; influence of number of breast feedings on milk production 314
Ferrous sulfate poisoning, acute, management of 83
Fetus, human; catecholamines in tissues of 904

Gargoylism, acid mucopolysaccharides in urine in 112
Gaucher's disease, acute infantile 491
Glossitis, complication of capillary lymphangioma of the tongue 800

Glucosuria in diabetic children in a summer camp 118
Glycogen, in erythrocytes of patients with glycogen storage disease 103
Glycogen storage disease, glycogen in erythrocytes of patients with 103
Great vessels, congenital defects (See also Heart, congenital defects)
Aneurysms of sinus of Valsalva 415
Coarctation of aorta 427
Fistulas, cardioaortic 415
Congenital corrected transposition of (Supplement) 851
Growth, promotion, with anabolic drugs (Commentary) 519

Handicaps, mental and physical; incidence in children of low birth weight 452
Health agencies (President's Message) 1033
Heart, congenital defects (See also, Great vessels, congenital defects)
Brain abscess 772
Ventricular septal defect
Associated with pulmonary hypertension 621
Repair in infancy 961
Heart disease, associated with Friedrich's ataxia 246
Heart failure; bacterial endocarditis presenting as acute cardiac tamponade 1010
Heart size (See also Cardiac silhouette)
Radiographic, in apparently healthy newborn infants; clinical and biochemical correlations 726
Height, prediction of, and maturity ratings of short 14-year-old boys 984
Hepatoma, embryonal; 5-year survival after excision 474
Humidity, high; effect on body temperature and oxygen consumption of newborn premature infants 740
Hyaline membranes 567
Hyperglycinemia, idiopathic
New disorder of amino acid metabolism 539
With hyperglycinurea; new disorder of amino metabolism 522
Hyperglycinuria, and idiopathic hyperglycinemia; new disorder of amino acid metabolism 522
Hypertension, pulmonary, with ventricular septal defects 621
Hypothyroidism, congenital 269
Hypervitaminosis D, treatment with sodium sulfate 1004
Hyposensitization therapy, for perennial bronchial asthma 39
(Correction) 903

Infections
Sulfonamides in therapy of 1016
In splenectomized children 689
Intelligence, pediatricians' appraisals of 990
Iodopyracet, radioactive; clinical experience with renogram 441
Iron, administered orally, utilization of 194
Isoniazid treatment for tuberculin reactors (Commentary) 179

Kwashiorkor, enzymes in serum in 325

Lactic acid, acidosis due to, in premature infants 921
Lipids, concentration in serum, as related to dietary fat, during first 6 to 8 weeks of life 765
Listeriosis, as infection of pregnancy, manifested in newborn infant 390
Lymphangioma, capillary, of the tongue, complicated by glossitis 800
Lymphohistiocytic infiltration, generalized 931

Malignant process, indicated by pyuria in infancy (Commentary) 1
Marfan syndrome, early manifestations of cardiovascular disorders 255
Maturity ratings and prediction of height of short 14-year-old boys 984
Measles encephalitis (See Encephalitis, measles)
Meconium peritonitis, prognostic significance 967
Meningitis, aseptic, interrelationship with pleurodynia and benign pericarditis 889
Mental retardation, incidence of, in low birth weight 452
Metabolism, amino acid (See Amino acid metabolism)
Milk production, influence of number of breast feedings 314
Mucopolysaccharides, acid, in urine in gargoylism 112
Muscle strength, in cystic fibrosis 578

Nephrotic syndrome in early infancy as manifestation of congenital syphilis 636
Newborn infants
Ascites and obstructive uropathy 29
Carbohydrate metabolism in 378
Cardiac silhouette; cinematographic study of normal range 713
Circulation in the respiratory distress syndrome 551
Chylous ascites produced by venous remnants 408
Determination of erythrocyte survival in 354
Heart size, radiographic; clinical and biochemical correlations 726
Listerosis manifested as an infection of pregnancy 390
Premature; effect of high humidity on body temperature and oxygen consumption 740
Respiratory volume-flow, crying 373

Nurseries, newborn, design of (Letter) 838
Nursery school; parent-participation program for child with cerebral palsy 1026
Obesity, cardiorespiratory syndrome of 237
Ocular lesions in the Pierre Robin syndrome 128

Parasitism, by Capillaria hepatica 648
Pease, Dr. Marshall, a tribute to (President's Message) 674
PEDIATRICS ABROAD
A pediatric allergist visits the Union of Soviet Socialist Republics 669
Pericarditis, benign; interrelationship with pleurodynia and aseptic meningitis 889
Phenylketonuria, early symptoms 465
Pickwickian syndrome (See Cardiorespiratory syndrome of obesity)
Pierre Robin syndrome and associated ocular lesions 128
Pleurodynia, epidemic, due to Coxsackie B-5 virus; interrelationship of pleurodynia, benign pericarditis and aseptic meningitis 889
Poisoning
Chloroquine, fatal acute 95
Epidemiology in an urban population 614
Ferrous sulfate, management of 83
Lead, diagnosis and treatment (Report of Subcommittee) 676
Polioviruses, transmission
Prevalence in pharyngeal secretions of infected household contacts of patients with clinical disease 762
Type I, nautrally occurring; spread in a partially immunized school population 748
Type III; spread in a partially immunized school population 755
Pregnancy, listerosis infection in; manifestation in newborn infant 390
Premature infants; acidosis due to lactic acid 921
Proteins, serum, electrophoretic pattern in childhood tuberculosis 54
Psychometric evaluation of children recovered from tuberculous meningitis 68
PUBLIC HEALTH
Drug control in the United States 480
Pupura, anaphylactoid; pathology of the skin and kidney and frequency of streptococcal infection 181
Pyuria, in infancy, indication of malignant process (Commentary) 1

Renogram, radioactive-iodopyracet 441
Respiratory studies
Circulation in respiratory distress syndrome in neonatal period 551
Valve for use in 645
Volume-flow in the crying newborn infant 373
REVIEW ARTICLE
Intracellular organization of enzyme systems 656
Rheumatic fever
Acute
Early anemia of 707
Treatment of 692
Problem of evaluating treatment 819
Rhus sensitivity, induction of; contact-type delayed sensitivity 51

Schizophrenia; concentration of copper in serum of children with 642
Smallpox vaccination; a simplified technique 219
Social bias, in treatment of pediatric patients 829
Sodium, in serum, variability of normal concentration 597
Sodium sulfate in treatment of hypervitaminosis D 1004
Splenectomy, infections of 689
Streptococcal infection in anaphylactoid purpura 181
Stridor, congenital laryngeal; speculations regarding its origin 477
Sulfonamides; status in therapy of infections 1022
SUPPLEMENT
Congenital Corrected Transposition of the Great Vessels 851
Sweating, physiology in cystic fibrosis 912
Syphilis, congenital; nephrotic syndrome as manifestations of, in early infancy 636

Testes, undescended, diagnosis of (Letter) 165
Tocopherol, deficiency in cystic fibrosis 578
Tongue, capillary lymphangioma of 800
Transfusion reactions due to leukocyte agglutinins 370
Triamcinolone therapy in the adrenogenital syndrome 292
Tuberculosis, childhood; clinical value of electrophoretic pattern of serum proteins 54
Tuberculous meningitis; psychometric evaluation and factors affecting the performance of children who have recovered 68
Tuberculin reactors, isoniazid treatment for (Commentary) 179
Tumors, argentaffin cell, of the appendix 134

Ureteroceles 971
Urogenital system
Infection, bacterial cultures and colony counts 17
Obstructive anomalies in children; presenting manifestations 3
